Industries Served - Information and Security Plans

Central Defense Security serves many industries from small privately held businesses to Fortune 100 level companies, tailoring custom security plans for each customer. CDS is proud to provide security at large public facilities like the FedExForum to retail chains and shopping centers like Peabody Place. Since we are based in Memphis, America's Distribution Center, we specialize in providing security plans for trucking and distribution companies, warehousing and logistics businesses. We provide information, security plans and security services for office buildings, schools, hotels, hospitals and clinics, stadiums and government facilities.
